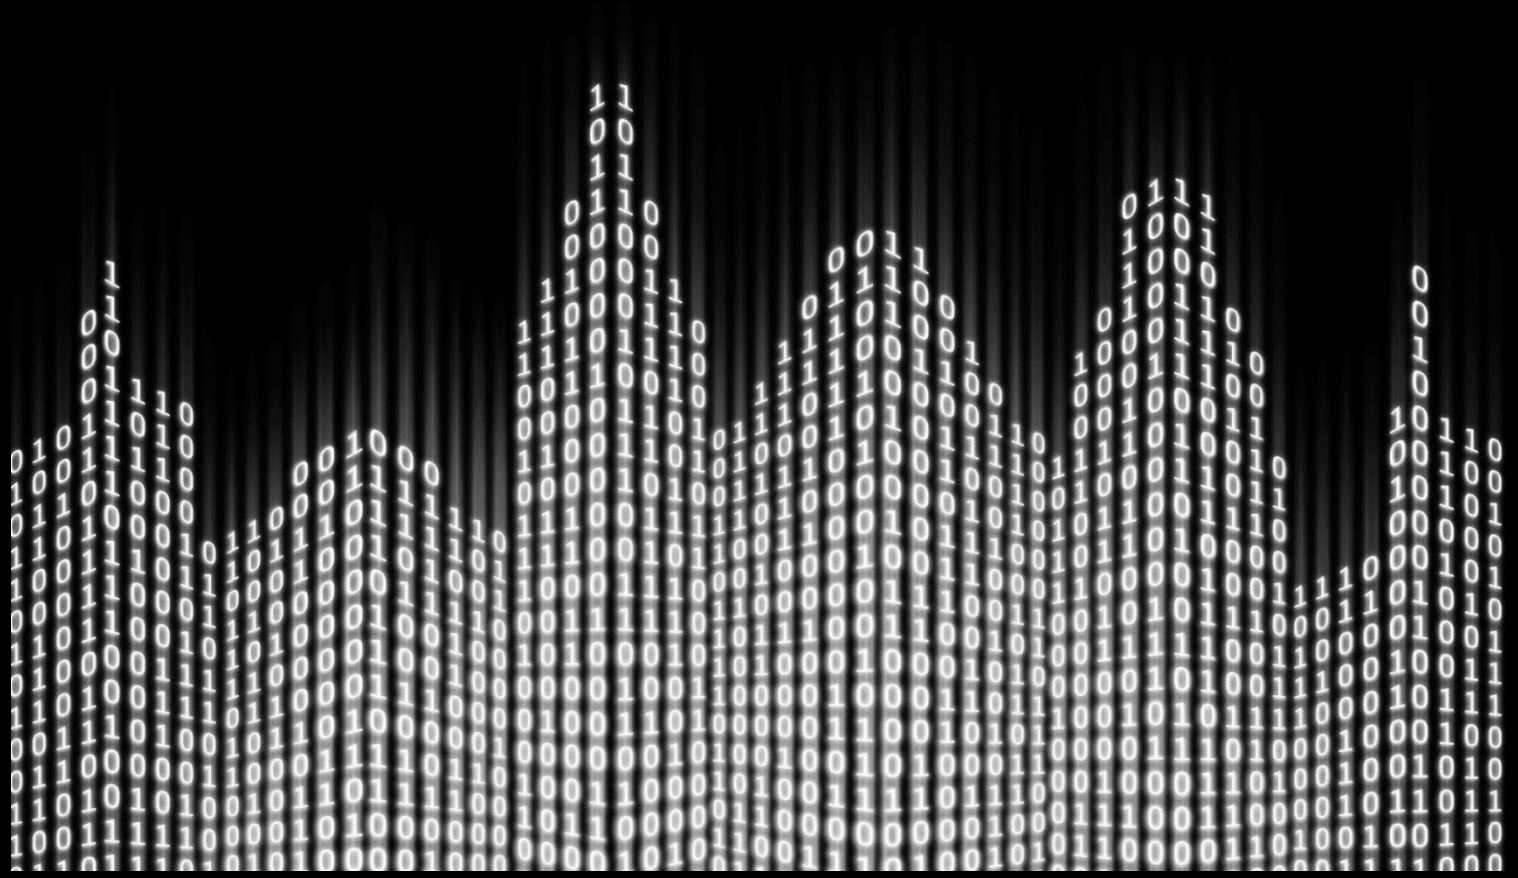
The Smart City is the ICT City and a form of e-Governance

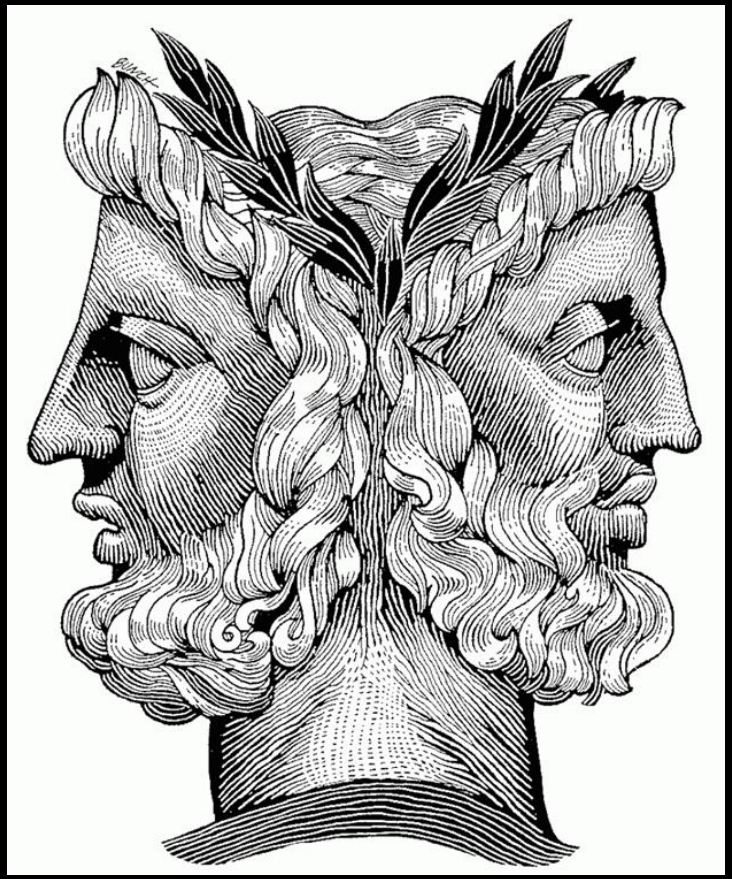


Slido.com
#G220

Traffic, environment, health problems beautifully solved

Slido.com
#G220

But all technology is ambivalent

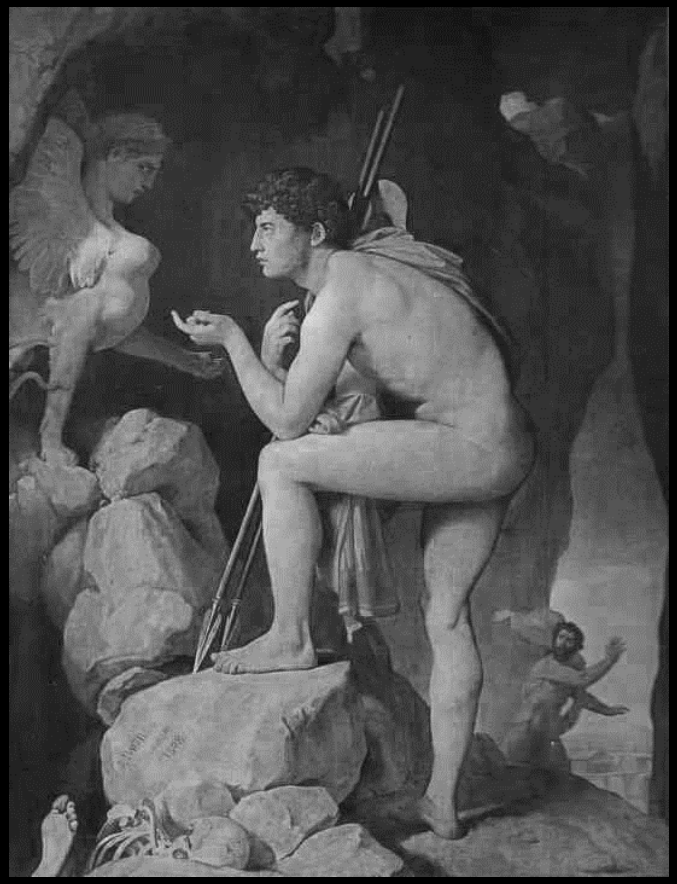


Slido.com
#G220

Technology = progress?
No reason to think so

Slido.com
#G220

So the question remains, when is the Smart City a Good City?



Slido.com
#G220

The Smart City, in the end, does seek total control
