Executive Leadership Program

Towards Strategic Leadership

Lead and thrive in volatile and uncertain times – even faster

Public sector leaders are facing exceptional challenges in the demanding, complex modern political landscape. They're expected to maintain a clear-eyed long-term perspective while dealing with the daily pressures of their roles.

The express version of our popular Towards Strategic Leadership program is designed to help you hone your strategic capabilities in a condensed timeframe.

Become a better leader, quicker

Examine your assumptions and abilities and boost your confidence and competence in a condensed format that fits into your busy professional and personal life.

Grow your strategic nous

Rise above the everyday noise that comes with public sector leadership positions and get a 'balcony view' of your work. Gain the confidence and knowledge to identify strategically important tasks and maintain a long-term outlook, while responding to daily pressures.

Build a powerful professional network

In TSL all participants are encouraged to become co-contributors and bring their knowledge and experiences to create a unique learning environment. You will bond and connect with other emerging leaders across Australia and Aotearoa New Zealand and stay connected via our Alumni Program.

Learn from leaders in the field

The TSL is facilitated by public sector leadership expert Robbie Macpherson and guest speakers.
